Miss Betty Cutler and Rollo K. Blanchard Married.

The marriage of Miss Betty Haynes Cutler, daughter of H. M. Cutler, vice-president of the National Life Insurance company of this city, and Rollo Kimball Blanchard, superintendent of a munition plant for the government in New York, occurred this afternoon at the home of the bride's parents. It was performed by Rev. L. C. Carson, pastor of the Church of the Messiah. The bride was attended by Mrs. Warwick J. Hayes of Cleveland, Ohio, whose husband, Lieut. Hayes, is in service in France, and Mrs. Richard H. Cutler of Baltimore, whose husband is in the naval aviation service of the country. The groom was attended by John Hulme Ballantine of New York and Ensign Herbert W. Ballantine of the naval aviation school of Massachusetts in the city of technology.

The bridal party entered the parlors of the home to the strains of a wedding played by the Montpelier Military band orchestra, and the ceremony was performed in front of a bank of ferns, small shrubs and gladioli. The bride was becomingly gowned in white satin trimmed with thread lace and train, with a wedding veil of white tulle. She carried a bouquet of orchids. The matrons wore braided georgette gowns of pink, trimmed with lavender, and, with hats to match, carried lavender colored bouquets. Following the ceremony a reception was given, the dining room being appropriately decorated in pink roses. Those assisting in the dining room were Misses Eleanor Lowe, Marjorie Jones, Florence Corry, and Mrs. C. M. Heaton of Montpelier. There were about 150 guests.

The groom is a son of Mr. and Mrs. A. C. Blanchard of Montpelier and is the mechanical engineer in charge of the munition plant in New York, while the bride is a daughter of Mr. and Mrs. Harry M. Cutler and well known among the young people of Montpelier. They will reside in New York.

Mrs. Nye Smith and Miss Helen Honey are helping with the work in the office of the commissioner of education for a few days.

Mrs. M. A. Hoadley has returned from Boston, where she was called by the illness and death of George Glover, her brother.

Miss Marcia Edson is employed in the adjutant general's office.

George T. Rodney, who for 25 years has lived near Manchester, N. H., is visiting in the city.

The local boards in Vermont have been advised from the war department that they will defer the calling of any baseball players who may be a member of the National or American leagues until after Sept. 15. Probably this does not affect a single man in the state at the present time, although a few years ago it would have affected several.

S. S. Bates is gathering information from the different towns relative to the amount of labor that will be needed in Vermont next year to handle the work on the roads. This is a request from the war department that it may know how much labor is to be needed in 1919.

Adj. Gen. H. T. Johnson was presented Tuesday afternoon the flag of the 7th regiment of Vermont militia, which Fred Bickford of Bradford and others found in the old G. A. R. rooms in that village earlier this year. Mr. Johnson accepted the banner upon behalf of the state and it will probably go to the historical department. It is not a battle flag, therefore cannot be placed with those on the second floor of the State House. Following the Civil war 12 regiments of militia were formed in the state and Capt. Edward Baker remembered that one of these was at Bradford, so that the flag is probably the one that organization carried.

Montpelier followed out the request of the national council of defense Tuesday evening by singing "The Star Spangled Banner" at 9 o'clock, that is to say, a small portion of the city people did and probably if those in charge of the plan had let it be known more widely more singing would have occurred. The Montpelier Military band played accompaniment from the steps of the city hall while the voices from the Apollo club and Eagle hall windows led the singing. Many of those on the street also sang.

Repairs are being made on the sidewalk near the Bianchi stonehills, of which Harry Bianchi made complaint at the last city council meeting.

Miss Rebecca Wright has returned from a several weeks' trip through the West. She visited Tacoma, Wash., and enjoyed the experience of her life while going from Portland, Ore., to San Francisco, Cal. The government has taken off the passenger ships so that those who travel by water had to ride on lumber-loaded vessels, and Miss Wright for three days sat in the sun on one of these. For a few weeks she was 3,000 feet up Mount Hood and later in the season climbed several thousand feet higher, but when she left the fire warden had not arrived for the summer, so that she was unable to go on. She at last visited the national parks and stopped with Prof. Chester Wright, her brother, in Chicago, on the way home.

John C. Pease of New York, of whom mention was made Tuesday, is here at the request of P. W. Clement. Mr. Pease is not to conduct an investigation but to look over the system of keeping the accounts of the state to ascertain if he can make any recommendations to Mr. Clement as to the manner in which improvements in the system can be made. Mr. Pease is a native of Vermont, but for over 30 years has been in expert accounting in New York.

The state department of education has been given a Morgan stallion by Amasa G. Woolson and the horse has been placed at the T. N. Vail farm for the production of the Morgan blood of horses. Recognition of the gift was taken at the meeting of the board of education Tuesday evening.

At the meeting of the state board of education held Tuesday evening the resignation of Nathaniel Love, who has gone into the army, was accepted. He is a school superintendent. Mrs. Margaret L. Kelley has been secured as superintendent for the second Newport district. Miss Belle Beeman of Alton, N. Y., has been engaged in one of the courses in teacher-training. A copy of the resolutions passed at the superintendents' meeting in Lyndonville last week was read to the board. It included statements relative to bigger efforts in the war plan; appreciation for the state board, Dr. Pillegas and others for the conference; regrets of the death of M. D. Young and E. R. Burbank and the resignations of Messrs. Love and Merriam as superintendents.

ACTIVITY BEHIND GERMAN LINES.

Both on the Aisne and the Avre May Mean Retirement.

With the French Army in France, Tuesday, Aug. 27 (By the Associated Press).—Activity behind the German lines on the Aisne and the Avre fronts has increased greatly since the French successes around Roye and on the plateau north of Soissons. In the region east of Roye the Germans seem to be preparing for an eventual retirement.
